Department of Chemistry

1. Enter mobile No. _____
2. Enter extension no. _____
3. Guide / PI EmpCode _____

Description

4. Select Probe to be used : **BBO/TXI**
5. Enter Sample Name : _____
6. Enter Sample Details : _____
7. Enter Solvent to be used : _____
8. Enter Nuclei : _____
9. Select Nature of the Experiment : **1D/2D/3D**
10. Enter Name of the Experiment :
11. Enter Parameters for Experiment (Delay, Dummy scans, No of scan etc) :

12. Enter Temperature of Experiment: _____
(If less than 25C arrange your own cryogenic) :
13. Enter Special requirement if any : _____
